

Determine the real life measurements of the sideboard, if the scale of the drawing is

1. 1" = 1' (1:12 scale)
2. 1 cm = 6"
3. 1/4" = 2" (1:8 scale)

Place the appropriate measurements in each table using scales from above.

1) inches

2) centimeters

3) quarter inches

	1) inches		2) centimeters		3) quarter inches
